Generic "Vote Yes"

Short (70-100 characters)

Vote yes on Proposition 308 on November 8 to support our Arizona students!

Longer

College-bound Arizona Dreamers currently pay triple the in-state rate, even though they graduated from our high schools.

Proposition 308 will provide college in-state tuition rates to all Arizona high school graduates, regardless of immigration status.

Vote Yes on Prop 308 to support fair treatment for our students!

Not a Handout

Arizona's Dreamers came here through no choice of their own and are considered out-of-state students and have to pay triple the in-state tuition rate. Prop 308 will let them pay the same in-state rate as other Arizona students.

Economic Benefits

Keeping college-bound Dreamers' in Arizona benefits all of us. On average every college graduate contributes \$660,000 more to the state economy than a high school graduate.
