Fair Treatment for Arizona Students

Dreamers are Arizona kids, and they deserve the same opportunities as other Arizona kids. This is their home.

Let’s make sure our college-bound Dreamers who meet the same requirements as their classmates pay the same in-state tuition rate!

What would Prop 308 do?
Proposition 308 would provide college in-state tuition rate to all Arizona high school graduates, regardless of immigration status, to help them fulfill their dreams of a college education and to contribute to AZ’s economy.

Who qualifies?
Anyone who has lived in Arizona for at least two years and graduated from a local high school would be charged in-state tuition rates at the state’s public colleges and universities. Currently, about 2,000 students do not qualify each year because of their immigration status.

Prop. 308 is not a “handout:”
College-bound Dreamers came here through no choice of their own and are regarded as out-of-state students who pay triple the in-state rate, even though they graduated from our high schools. Prop. 308 would let Dreamers pay the in-state tuition rate. There is no “cutting in line” and they must meet the same admission standards as other Arizona students.
